

September 2, 2009

Dear Tree Lover,

The Tree Bank Foundation is partnering with the Apache Foundation to provide free trees and free delivery of these trees to Oklahoma communities. The goal of the Apache Foundation is to distribute another two million trees! The goal of The Tree Bank Foundation is to assist Oklahoma communities in recovery from the December 2007 ice storm and many other recent weather disasters which damaged to the urban forest.

These trees are healthy, easily handled and beautiful. Some municipalities took the trees to distribute to their citizens for planting at private residences for ice storm recovery.

The free trees are grown in three gallon containers (approximately ¾” trunk diameter) in size.; approximately 3-6’ tall.

Free delivery will begin in October, 2009.

**There are three requirements of the program:**

- There is a minimum order of 50 trees.
- If there is publicity involved in your planting, use the Apache Foundation logo and The Tree Bank Foundation logo, which will be provide to you.
- You must share photographs of your project with us. Please provide two (3) computer disks of project photographs to The Tree Bank Foundation.

If you would like to order free trees, please complete the enclosed application and return it to The Tree Bank Foundation (email is preferred). **Your application is a request only, not an order. We can not guarantee that you will receive the exact species or numbers of each species that you request. We may substitute species to fill your request** We will work with you to try to meet the delivery date that you request.

We look forward to working with you!

In partnership,

Mary Gilmore Caffrey  
Executive Director
