

Project Learning Tree®

Environmental Experiences

FOR EARLY CHILDHOOD

WHO: Public preschool teachers,
Head Start teachers,
Private child care providers
Kindergarten teachers

When: May 3rd, 2014 10am-noon

Where: Will Rogers Park
Exhibition Hall
3400 NW 36th OKC OK 73112

Purpose: Provide a Project Learning Tree Workshop that trains Early Childhood Educators in using *Project Learning Tree: Early Childhood Experiences*. This innovative program allows young children to explore, discover, and communicate in expressive ways by integrating nature-based music and movement, exploration, literature, art, math, and outdoor play.

Highlights: Learn to explore nature with your students by getting techniques to help you introduce a theme, feature an experience, lead group exercises (music and movement, reading and writing together, enjoying snacks, and taking neighborhood walks), set up effective learning centers (art, dramatic play, discovery tables, math and manipulatives, etc.), make reading connections, and communicate with students' family and friends.

Cost: \$20 for curriculum and numerous resources
