

PLT[®]

The Cornerstone for
Environmental Education

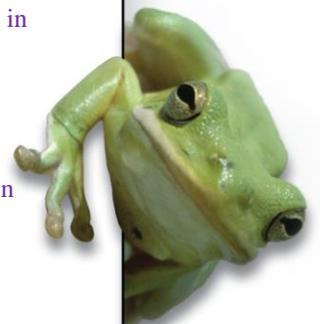

Project Learning Tree Basic Workshop

Project Learning Tree (PLT) is an award winning, multi-disciplinary environmental education program for educators and students in PreK-grade 12. PLT, a program of the American Forest Foundation, is one of the most widely used environmental education programs in the United States and abroad. PLT continues to set the standard for environmental education excellence. PLT activities involve students to use a wide variety of process skills like analyzing, compare and contrasting, concept forming, discussing, formulating questions, reasoning, summarizing, synthesizing and many more!

Workshops are available for both formal and non-formal educators including teacher in service training, scout/youth leaders, pre-service teachers and naturalists.
