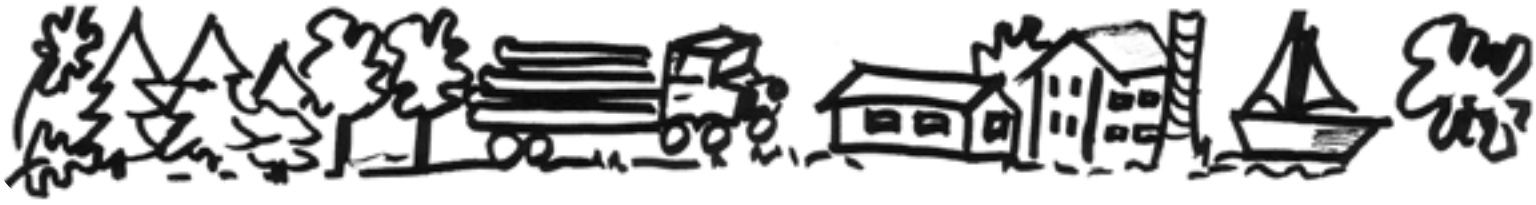
Knowledge to Go
1-888-EXT-INFO

Aquaculturalists find better ways to raise fish for food.



Wildlife Specialists study wild animals and help preserve nature.

A **Wood Physicist** studies materials and helps make buildings stronger.

Loggers harvest trees and help keep forests healthy.

Naturalists help park visitors with many things, like identifying birds.

Volunteers do many jobs, like building and repairing trails.

A **Wood Scientist** identifies wood species.

Urban Foresters care for trees in our communities.

A **Forester** plants trees and keeps forests healthy.

An **Ecologist** samples water from a stream
to make sure it is safe.
