J.B.	Hicks		2 Weston Road	Shawnee	Oklahoma	74804	(405) 694-1805	jbhicks@patriotservicescorp.net		We cut and harvest red cedar. NOT ALL Cedar is good for harvesting. However, when possible, we trim smaller, straight trees into fence posts and we mill larger trees into board lumber. We mulch everything that is not harvestable. We use the following items: *A Bobcat with Marshal Saw for cutting. *Chainsaws for trimming branches, etc. *A Gyro-Trac tracked carrier with mulching head for mulching debris. *A Timber King Mill for sawing lumber. Harvesting the useable Timber helps offset the costs to the Land Owner. Our methods also reduce the need to burn, stack or haul away. Please give me a call for a free estimate of your property. (Each property is different, so each should be individually assessed.) Thank you for considering us!	All
Jack	Reser	Reser Farms	7420 W Rock Creek	Norman	Oklahoma	73072	(405) 740-2323	jreserjr@aol.com		Cedar trees cut at ground level with a skid steer and marshall tree saw	All
