Seedling Order Form

Conservation Tree and Shrub Seedlings for Timber Production, Wildlife, Shelterbelts and any other Conservation Needs.

2015—2016

ORDERING INFORMATION

IMPORTANT INFORMATION ABOUT OUR TREES

CONDITIONS OF SALE— All trees and shrubs distributed by Oklahoma Forestry Services (OFS) are to be used for natural resource conservation and forest management related projects. They must not be used for ornamental/landscape plants. Seedlings may not be resold as living plants. Violation of these conditions will result in a $50/tree penalty and/or loss of opportunity to purchase seedlings for up to 5 years, depending upon the nature of the violation. By purchasing these seedlings you are accepting agreement of the above "Conditions of Sale."

ABOUT the SEEDLINGS—Seedlings are distributed as bare-root, one or two years old and 10 to 30 inches in height. A limited number of species are also available as containerized seedlings for reforestation and windbreaks, or on difficult sites where an established root system provides an advantage. To assure prompt and accurate delivery of your order, please read and observe the instructions which follow. Bare-root seedlings are generally available from January through April and containerized seedlings are generally available in early March. All orders are on a first-come, first-served basis. If ordering after February 1, it is advisable to call to determine species availability. If you will accept a substitution, you will be contacted to discuss a substitution. **For more information or assistance, call the Forest Regeneration Center at 405-288-2385 or 800-517-3673.**

ORDERING AND PAYMENT – Order forms must be sent with payment to the Oklahoma Department of Agriculture, Food and Forestry. The seedlings are distributed in single species bundles of 50 and the minimum order is 100 bare-root or 50 containerized seedlings. On credit card orders the cardholder agrees to advance payment in amount of Grand Total and to perform obligations set forth in the Cardholder's agreement with the issuer.

CANCELLATIONS AND REFUNDS - Payment for orders cancelled by **February 1, will be refunded less a $20.00 processing fee (allow 4 to 6 weeks for refund)**. No refunds will be made on orders canceled after that date and the seedlings involved are the purchaser's responsibility. Credit for future seasons cannot be made for seedlings ordered and not utilized. No refunds will be made for less than $5.00, unless requested.

PICK-UP ORDERS - Orders may be picked up at the Forest Regeneration Center (FRC) in Goldsby, OK on FRIDAYS ONLY. You will be notified of the date by post card or email about one week in advance. A package of 200 seedlings fits easily in the trunk of a small car. If you cannot pick up your seedlings on the date specified, please contact us at 405-288-2385 to make alternate arrangements. If other arrangements are not made they will be shipped freight collect. If you change your order from a "Pick-Up" to a "Ship" order, you will be billed the price difference in advance.

OUR LOCATION – The FRC is located four miles south of Norman. Take the Goldsby/Washington Exit (Exit 104) from I-35 and follow the posted signs. The FRC is just south and east of the David Perry Airport, east of I-35.

SHIPPED ORDERS – Orders are shipped via FedEx. Please be sure to complete the shipping directions portion of the order form. The preferred month of delivery cannot be guaranteed because of weather conditions and other factors, but we will make every effort to deliver your order during the time period specified. If you have flexible planting dates, please select "Whenever seedlings are available" on the form. A post card or email is sent to you when your seedlings are shipped. If you do not receive your order within seven days, call FRC. *If you are ordering containerized seedlings we encourage you to pick up your order at the FRC if possible because of shipping and handling difficulties associated with these seedlings.*

SPECIES SELECTION

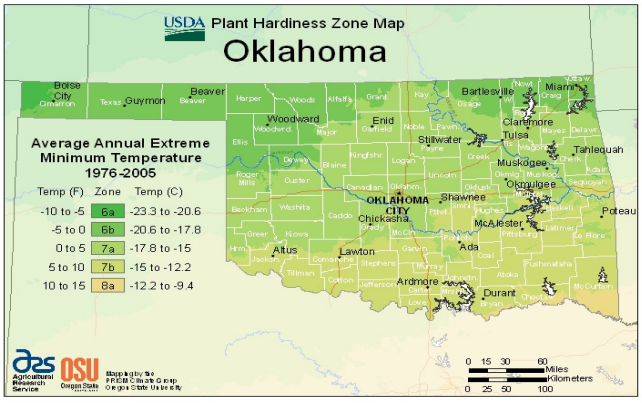
Oklahoma Forestry Services suggests you consider the following when deciding which species will work for you:

1. Identify the growing region where your land is located.
2. Identify the soil type and the moisture regime of the site in question.
3. Identify those objectives that are environmentally feasible.
4. Select a tree species that when managed correctly will achieve the results you want.

If you would like assistance to determine which species will best meet your needs, call your nearest Oklahoma Forestry Services Office (see back cover).

USDA HARDINESS ZONES

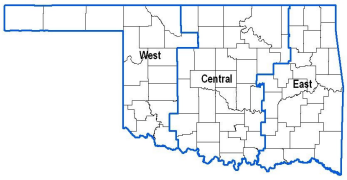
Climate varies significantly from one part of Oklahoma to another. Plants that flourish in one part of the state may do poorly or fail in another area. The primary guide to determine plant hardiness is the USDA Hardiness Zone Map which divides the United States into ten zones based on average minimum temperatures. Each zone is then subdivided into A and B sections in order to be more precise. The A section is the colder portion of the zone and is often located north of the B section. In Oklahoma the zones tend to be aligned more east and west. A plant is said to be hardy if it can tolerate the lowest average winter temperature that usually occurs in a zone. In some cases the hardiness zones listed are conservative and are a full one half zone farther south than the plant is known to survive.



Hardiness is affected by duration and intensity of sunlight, amount and timing of rainfall, length and severity of summer drought, soil characteristics, slope, frost occurrence, humidity, and cultural practices.

MOISTURE

Moisture requirements are an important limiting factor on the range of the individual tree species. When considering the type of tree you want to plant, be sure to consider the amount of rainfall in the area where you want to plant the tree and the moisture requirement of the tree. You can increase the chance of seedling survival if the moisture requirement of the tree matches the moisture available in the area of planting. This map shows the three major moisture zones of Oklahoma.

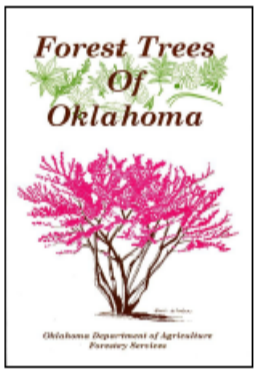


Before You Order

So that we may accurately fill your order please ensure the following information is correct on your order form:

1. The purchaser name, address and telephone number.
2. An accurate shipping address is included if the seedlings are to be shipped.
3. The correct species number and block pricing is included for all species ordered.
4. If you are ordering containerized seedlings, please note the price is $1.90/seedling sold in flats of 50.
5. Shipping cost for all seedlings is an additional 10% of the total cost of seedlings.
6. If you wish to buy Mini-max loblolly, or any of the Hardwood Super-Cells, call to verify prices and availability.

Book



Forest Trees of Oklahoma
by Dr. Elbert L. Little

An excellent reference book which describes Oklahoma's native trees. Over 200 pages with drawings and range maps.

Cost: $4.00

Wildlife Packages

We are offering three wildlife improvement packets this year. Each packet contains 25 seedlings of four different species for a total of 100 seedlings. These trees or shrubs were selected specifically to enhance wildlife habitat on your property. Wildlife packages will be ready for delivery after March 1, 2015. Some species may be substituted, depending on availability.

Choose from 3 Different Packages:

- **Deer Habitat Package** (Item # 86)
  (osage orange, persimmon, Shumard oak, and sand plum)
- **Songbird Habitat Package** (Item # 87)
  (hackberry, red mulberry, vitex, and fragrant sumac)
- **Rural Wildlife Habitat Package** (Item # 88)
  (red mulberry, bur oak, fragrant sumac, and roughleaf dogwood)

All wildlife packages are $90.00 for picked up orders
OR $ 99.00 for shipped orders.

Hardwood "Super-Cells"

Hardwood "Super-Cells" are hardwood trees grown in D-40 containers. These seedlings are great for wetland reserve programs (WRP) and "conservation" plantings on smaller acreages. If you are planting a windbreak, wildlife habitat area or any other conservation planting, these seedlings are just the ticket. They are grown in containers that are 2 5/8 inches in diameter and 10 inches long. The height of the seedlings from the tips of the roots to the top of the seedling averages 15 to 36 inches.

Hardwood Super-Cell Prices

- These seedlings are $4.00 each and are only available in blocks of 25 per species.
- The minimum order is 25 trees. A flat of 25 costs $100.
- Below is a list of some of the species we have in the D-40 containers this year.

  Shumard oak Bur oak White oak Chinkapin oak
  Pecan Black hickory
- Please call for a complete list and availability.
- We do not recommend shipping these trees. If you can not come and pick them up, please call for options, at 1-405-288-2385.

OKIE SELECT SEEDLINGS — SPECIES DESCRIPTIONS

Seedlings listed on this page and the next page are bare-root tree and shrub seedlings for sale this year.
Seedling prices are at the bottom of the next page.

Species Number	Common Name (Scientific Name)	Planting Conditions			Height at Maturity
		Hardiness Zones	Moisture Zones	Tolerates Soil Type	
1	Arborvitae *(Thuja orientalis)*	4-7	All	Dry, Clay	30-45'
15	Baldcypress *(Taxodium distichum)*	5-10	All, but Panhandle	Clay, Silt & Muck	60-100'
69	Dogwood, roughleaf *(Cornus drummondii)*	5-8	E, C	Semi-dry to moist	8-10'
4	Elm, lacebark *(Ulmus parvifolia)*	4-10	All	All	40-50'
18	Hackberry *(Celtis occidentalis)*	3-9	All	Most	40-70'
2	Locust, black *(Robinia pseudoacacia)*	4-10	All, but Panhandle	Poor, Alkaline	35-40'
5	Mulberry, red *(Morus rubra)*	4-9	E, C	Moist	40-60'
74	Oak, black (Quercus velutina)	4-9	All	All	40-60'
83	Oak, blackjack *(Quercus marilandica)*	3-9	All	All	20-50'
17	Oak, bur *(Quercus macrocarpa)*	3-9	All	Most	40-80'
64	Oak, chinkapin *(Quercus muehlenbergii)*	3-9	E, C	Moist to Alkaline soils	50-80'
71	Oak, northern red *(Quercus rubra)*	3-8	E, C	Slightly acidic soils	65-100'
59	Oak, pin *(Quercus palustris)*	4-8	E, C	Slightly acidic soils	40-60'
84	Oak, post *(Quercus stellata)*	3-9	All	All	20-50'
28	Oak, shumard *(Quercus shumardii)*	3-9	All, but Panhandle	Most	60-80'
72	Oak, white *(Quercus alba)*	4-9	Most	Acidic soils	70-90'
6	Osage orange *(Maclura pomifera)*	5-9	All	Dry, Most soils	40-60'
40	Pecan, native *(Carya illinoensis)*	5-9	E, C	Needs Deep Soils	80+'
49	Persimmon *(Diospyros virginiana)*	4-9	All, but Panhandle	Moist	40-60'

OKIE SELECT SEEDLINGS — Continued …….

Bare-root seedling prices are at the bottom of this page.

Species Number	Common Name (Scientific Name)	Planting Conditions			Height at Maturity
		Hardiness Zones	Moisture Zones	Tolerates Soil Type	
11	Pine, ponderosa *(Pinus ponderosa)*	5-7	C, W	Dry	40-60'
48	Pine, scotch (Belgian) *(Pinus sylvestris)*	2-7	All	Well drained	40-60'
23	Pine, shortleaf *(Pinus echinata)*	5-9	E, C	Sandy, to rocky	60-85'
39	Pine, Virginia *(Pinus virginiana)*	4-8	All	Dry	40-80'
41	Plum, American *(Prunus americana)*	3-8	All	Dry, Clay	15-20'
42	Plum, sand *(Prunus angustifolia)*	6-8	All	Dry, Moist	8-10'
19	Redbud, eastern *(Cercis canadensis)*	4-9	All, but Panhandle	All	25-40'
46	Rocky Mnt. juniper *(Juniperus scopulorum)*	3-7	All	Dry	20-25'
22	Sumac, Fragrant *(Rhus aromatica)*	5-9	All	Dry	6-10'
7	Sycamore *(Platanus occidentalis)*	4-9	E, C	Wet, Clay	70-100'
8	Walnut, black *(Juglans nigra)*	4-9	E, C	Moist, well drained	80-100'

Bare-Root Seedling Prices

~ If you are ordering 50 to 450 total seedlings, seedling cost is $0.90 each
~ If you are ordering 500 to 950 total seedlings, seedling cost is $0.50 each
~ If you are ordering 1,000 to 3,000 total seedlings, seedling cost is $0.40 each
~ If you are ordering more than 3,000 total seedlings, contact the Forest Regeneration Center for prices at 1-800-517-3673.
~ Minimum order is 100 Seedlings. Seedlings are sold in bundles of 50. If you want your order shipped, add 10% to the total cost.

For more information or to place an order, visit us online at www.forestry.ok.gov

Evergreen Containerized Seedlings

These seedlings are grown in tubes (D-16s) that are 2 inches in diameter and 7½ inches long. They are especially well-suited for plantings on harsher sites and should provide better survival than bare-root seedlings. The table below shows species available with descriptions and recommended usage.

Evergreen Containerized Seedling Prices

- These seedlings are sold only in single species flats of 50
- Each seedling is $1.90, a minimum order is $95.00
- We do not recommend shipping these seedlings.
- If you can not pick them up, shipping charges are an additional 10% of the total order.
- These containers are only available after March 1.

Species Number	Common Name *(Scientific Name)*	Planting Conditions			Height at Maturity
		Hardiness Zones	Moisture Zones	Tolerates Soil Type	
D01	Arborvitae, Oriental *(Thuja orientalis)*	4-7	All	Dry, Clay	30-45'
D76	Cypress, Arizona *(Cupressus arizonica)*	7-8	All	Most	40-60'
D21	Pine, loblolly *(Pinus taeda)*	6-10	All, but Panhandle	Most	80-100'
D54	Pine, mondell *(Pinus eldarica)*	6-8	All	Dry	30-50'
D33	Pine, pinyon *(Pinus edulis)*	4-8	All	Dry	20-40'
D11	Pine, ponderosa *(Pinus ponderosa)*	5-7	C, W	Dry	40-60'
D48	Pine, scotch *(Pinus sylvestris)*	2-7	All	Dry	40-60'
D23	Pine, shortleaf *(Pinus echinata)*	5-9	E, C	Sandy, to rocky	60-85'
D39	Pine, Virginia *(Pinus virginiana)*	4-8	All	Dry	40-80'

Evergreen Containerized Seedling Prices

~ Containerized Species are $1.90 per seedling. You must order in multiples of 50. Minimum order is $95.00.

~ FRC does not recommend shipping containerized seedlings.

~ If you need your order shipped to you, add 10% to the total cost of seedlings.
